5. **Audit Subcommittee**

Approval of the charter of the Texas Transportation Commission Audit Subcommittee (MO)

*The Audit Subcommittee was created to oversee and ensure compliance with the intent of Sarbanes-Oxley as to the reliability and transparency in financial reporting, as well as to ensure the independence of the department's internal audit program by providing oversight of the internal auditor and evaluating implementation of audit recommendations. The charter sets out the purpose and composition of the Subcommittee, as well as meeting requirements and principal duties and responsibilities of the Subcommittee in carrying out its oversight role.*

The committee members will be appointed by the executive director and will represent the regulated outdoor advertising industry, scenic organizations, local authorities, land owners, and the general public.*

7. **Proposed Federal Economic Stimulus Legislation - Deferred**

Approve transportation projects to be funded from Texas' portion of the second federal economic stimulus legislation

*To mitigate the release of contaminants at the Vega maintenance facility, the department desires to enter into an environmental covenant restricting the use of the affected property to commercial/industrial purposes only. The affected property meets Texas Commission on Environmental Quality standards for commercial/industrial use. The contaminant concentrations pose no significant present or future risk to humans or the environment based on commercial/industrial land use.
